Brick.

Ed. A. Dillehay, agt., of Danville, is prepared to promptly fill orders for paving brick; will sell in Danville at \$6.50 or deliver in Lancaster at \$9.35 per thousand.

There is a demand for more residences in Lancaster and why some parties with money don't build is hard to understand. There are so many inquiries for houses but none can be found.

Col. Craddock, of the Paris Kentucky Citizen, pays fitting tribute to Gus Hofmann's hospitality at Crab Orchard Springs. The Col. knows a good thing when he sees it and never fails to "render unto Cousins" his dues.

Protracted Meeting.

Rev. Moore, of London, who is an able minister and an attractive speaker, is conducting a protracted meeting, at the Methodist church. Large crowds are attending and much interest is manifested.

Suspended.

The Richmond Register suspended publication of its daily edition on the 13th inst. The Register, with commendable enterprise, published a daily throughout the progress of the war, that would have done credit to a much larger city than Richmond.

The daily newspapers have "clipped" the articles, which have appeared at various times in THE RECORD, in regard to Sunday mail at Lancaster, and have taken the matter up with the postal authorities, and it is thought that ere many moons we will have at least a Sunday paper, if not mail.

Republican Convention.

At a meeting of Republican Congressional Committee for 8th Congressional District of Kentucky held in Nicholasville, Ky., August 10th 1898 it was ordered by said committee that a convention be held in Danville Ky., August 30th 1898 12 o'clock a. m. to nominate a candidate for congress for said district. That the representation in said convention shall be one delegate for each one hundred votes and a fraction over fifty cast for Republican Electors in November 1896 the delegates to be selected in manner provided by county committee.

W. J. WILMORE, Ch. D. C.

C. C. WALLACE, Sec'y.

The ladies of Lancaster and Garrard county will give a dinner in the city of Lancaster on the 23rd of August. County court day for the benefit of the blankets purchased for said company prior to their going into camp at Lexington, Ky., and which the Fiscal Court refused to pay for. A liberal patronage should be accorded them. Any persons wishing to bring provision can do so.

Robert Lee Davidson was granted a license to practice law. We now have twenty-one lawyers at this bar.

The Noel Sisters have purchased Mrs. Moody's stock of millinery, and will run this store and continue the one at Danville.

S. R. Ashby Warren, of the Second Kentucky, is at home for a few days and was over here to see relatives. He is looking well and is pleased with the service.

Messrs. C. A. Robinson, W. L. Lawson and W. T. Pherigo have been appointed Election Commissioners, for Garrard county, under the Goebel Election Law.

Simon Weil, for Lohman of New York, bought 4 cars of export cattle, of Gibbs Brothers, and 2 cars, of A. R. Denny, at 4-3-4 cents.

The first indictment under the anti-mob law of 1896 has been drawn by commonwealth Attorney, J. S. Owsley, during this term of our circuit court, and the trial will be sensational.

To Teachers.

The white teachers examination will be held at my office, Friday and Saturday, August 19 and 20, and colored teachers examination on the following Friday and Saturday August 20 and 21. Miss E. S. J. Lusk.

Republican Mass Meeting.

The republicans met at the Court House, on Wednesday, to appoint delegates, to the Danville convention, to nominate a candidate for congress. In the absence of Chairman, D. R. Collier, Mr. L. L. Walker opened the meeting. On motion of W. T. West, Judge R. A. Burnside was made chairman, who made a few remarks asking for harmony, and they certainly had it, as they did the work in fifteen minutes and everybody agreed to every suggestion.

A. R. Earls was elected secretary and L. L. Walker, D. M. Lackey and Millard F. West were appointed as a committee on resolutions. They reported strong approval of the administration of Gov. Bradley and President McKinley. They endorsed every principle of their party, and denounced the Goebel election law and other democratic legislation as partisan and against public interest. About thirty delegates were appointed, among them Gov. Bradley, Col. Collier, Capt. Herndon and W. T. West, who were instructed to cast the vote of Garrard for Hon. G. M. Davidson, of Lincoln.

A Card from Prof. Gowen.

I have received a notice from the Board, requesting me to vacate at once and make room for my successor, as he is anxious to move in, and because his goods are packed up and ought to be unpacked. For fear my friends, the public at large, may think my continued stay a piece of spite-work, I wish to explain. My contract called for a certain sum of money and the use of the house, which was estimated at \$900 a year, as part of my salary. I moved in Sept. 12, '95, and have lived here from year to year since then. Hence my term will not be out till Sept. 12, '98, until which time I have a right to stay, under the law. But I'm not staying simply because I have a right to; I have no other place to go; the house they are building me will not be ready for some time. If I have to get out now, my goods would have to be packed up, and stay packed up for some time; besides, we would have to pay board till we move. If necessary I meant to give up my rights for a short time and pay board, to let the new man in, but I don't deem it my duty to give up and put myself on expense for nearly a month. My successor's goods can be unpacked and put in any room we are not using.

B. S. GOWEN.

MAJ. H. A. EVANS DEAD.

Former Resident of Lancaster, Died of Typhoid Fever in Texas.

The sad intelligence of the death of Maj. Evans will come as a severe shock to the many friends of the family here. Dr. Evans, his father, was at one time principal of the Garrard Female College, and Harry was one of the faculty. Harry was well up in military tactics, and he rendered valuable assistance to the "Owsley Rifles" in drilling and training them. No cleverer, bigger hearted boy ever existed than Harry Evans, and not one who knew him, but will shed a tear of regret at his death. The following was taken from Tuesday's Courier-Journal: "A telegram was received yesterday by Mr. W. G. Polk, of Wm. Kendrick's son's, announcing the death of his brother-in-law, Maj. H. A. Evans, of Sulphur Springs, Tex. Death was due to typhoid fever. His death was a great shock to his friends in this State, where he lived for many years. The deceased was a son of the Rev.

Morris Evans, D. D., formerly a prominent member of the Kentucky Conference of the Methodist Episcopal church South, but who is now located in Texas. Maj. Evans was a graduate of the old Kentucky Military Institute, and had spent most of his life as an educator. He was 29 years of age, and 12 years ago was married to Miss Martha Polk, of Harrodsburg. He is survived by his wife, father and mother. His remains will be buried at Sulphur Springs, where he had lived for the past seven years."

Circuit Court.

A large crowd of litigants and curiosity-seekers attended the opening of circuit court last Monday, and such will be the case as long as Satan stalks abroad to lure the sons and daughters of Adam into the paths of sin. Judge Saufley took the bench and the wheels of justice began to move. Sheriff J. B. Sanders, deputies Alexander Walker, William Ward and Perry Naylor, jailer Ross, clerk Hamilton, assisted by W. B. Nason, Commonwealth attorney Owsley and county attorney Fletcher Owsley, were all present ready to execute the orders of the court.

The grand jury was called and the court delivered a charge, replete with legal learning, which was a source of valuable instruction to the public generally and served as a guide to the jury in the proper and legal investigation of all violations of laws, the manner of procuring testimony, and the character necessary to make a good indictment. The following is a list of GRAND JURORS.

J. C. Boser, foreman.

Walter Romans, M. D. Hughes, Ansel George, Lafayette Brown, J. B. Rount, T. W. Bradshaw, Lee Brown, J. E. Callahan, Isaiah Comley, W. D. Scott, William Woods.

The following gentlemen constitute the

PETIT JURY.

George Evans, F. K. Sifton, J. R. Henderson, Milton Mahan, I. M. Dunn, W. B. Moss, Wm. Parks, O. J. Henderson, J. G. Burnside, Jas. Ramsey, Jr., Robert Brown, George McLean, C. A. Robinson, M. F. Rou, E. R. Scott, T. S. Elkin, E. W. Thompson, W. L. Allen, W. B. Jarvis, George Broadus, James Underwood, Ed Norris, Thos. Woods, G. A. Bruce.

The trial of Frank Turner, for hog stealing, was begun on Monday and concluded on Tuesday, by a verdict of one year in the penitentiary. Tomlinson, Walker and Swinebroad representing the defendant.

Messrs. Homer Batson and Robert Davidson were made examiners, for Garrard county, on Tuesday.

"Colonel" Coffey, colored, was fined \$75 and six months confinement in jail to work at hard labor, for willful and malicious shooting and wounding. Herndon and Tomlinson appeared for the defendant.

The case against William McCoy, for murder, was passed till next week.

George Smith, who is under indictment for forgery, failed to appear, and his bond was forfeited.

The grand jury has found eleven indictments, seven for felonies, and it is likely that more business will be done this term than during any term for some time past.

John Simpson, for concealed weapons, by default judgment, was given 30 days in jail and fined \$100. The grand jury indicted Porter Wearren and Edwin Clouse, for murder, and their trials are set for next week.

On Wednesday Robert Boatley, colored, was fined \$25 and 10 days in jail, for carrying concealed weapons. Wm. Potts, colored, was given five years, in the penitentiary, for house breaking.

Col. Simms's Will.

PARIS, Ky., Aug. 17.—The will of Col. W. E. Simms, probated at the county clerk's office, leaves all the property, real and personal, to his wife. Besides \$50,000 life insurance there is property consisting of farms in Kentucky, Arkansas and the north-west, bank and railroad stocks and city property in this city, Chicago, St. Paul and other places.

Was in the Santiago Fight.

VALLEY VIEW, Ky., Aug. 17.—"Tuck" Jaxter, of this place, who joined the regular army two years ago, has been heard from. In a letter to his brother here he says he was in the fight around Santiago, and in company with 100 men made an assault on a point in the Spanish lines and of 100 in the charge only 40 were left alive to tell the story.

# CENTRAL RECORD

FRIDAY, August 19, - 1898

GEN. FITZGERALD LEE is a candidate for U. S. Senator from Virginia.

It is believed that many of our soldiers will be mustered out and sent home, while enough will be kept in the service to enforce the terms of peace, and establish a government over our acquisitions.

NINETY-EIGHT millions of dollars have been expended on account of the Spanish war, and the total expenditures are estimated at only \$150,000,000, while we are issuing \$200,000,000 of bonds, and collecting many millions by the new revenue law. In fact too much money is being raised.

It is a foregone conclusion that Davison will be nominated by the Republican convention at Danville, and a lively race may be expected, between him and Gilbert, for congress. Every inch of the ground will be contested, and the winner will not have a walk over.

GOVERNOR BRADLEY is doing all that can be done to induce a full attendance at the dedication of the Kentucky monument at Chickamauga. I think the people will do as he requests, a fitting manifestation of patriotism, worthy the name of the monument and in accord with the spirit of Kentuckians, will be witnessed on that occasion.

BLANCO, Captain General of Cuba, has resigned, being unwilling to superintend the evacuation of Cuba. Manila surrendered to Dewey last Saturday, after the Americans began to bombard the city. The American flag is now in Havana and all other places which will become American provinces by the peace negotiations. The mortality among the Spanish prisoners, at Santiago, is so great that it is impossible to bury the dead.

THE rapid improvement, in implements of war, on land and sea, reveals the fact that all wars will last but a short time, in the future, and that the loss of life will be less and the destruction of property will be greater, and bring about the close of a war. Our victories, in the last war, have been so decided that our ships, guns and men have won the admiration of the world, and "Uncle Sam" can now put a chip on his head, without fearing that anybody will knock it off.

THE Teachers Institute closed last Friday, after a profitable and entertaining session. The Record is indebted to Prof. E. W. Baker for a statement of the proceedings, which appears elsewhere in this issue. Several suggestions are made in the resolutions, but the one proposing County Normals, instead of Institutes, to be supported out of the Public School fund, was certainly adopted without due thought and deliberation. In the first place the public fund can not be appropriated for any purpose, except for tuition, and these Normals would cost a considerable sum of money. We suggest the enactment of a law providing that experienced educators shall visit the schools and give the most approved methods of teaching, in a practical manner. We have too much theory now, though much good is being done by the teachers of Garrard county, who are far above the average in mental culture, and the ladies excel all others in personal beauty.

It is claimed that "History repeats itself," but such was not the case in the last war. The historian may search in vain for its parallel, in point of duration, territory, signal victories, and unequal losses of life and property. To make a summary of the evil and good results will require many years. At present we can only make a rough estimate. Put the blood and the money, the tears and the suffering, on one side of the scales and it appears that nothing can balance them; but when we consider the vast amount of valuable information imparted; the perfect unity and harmony brought about between the discordant political elements, and the absolute obliteration of prejudices and bad feeling, which has existed between the North and South since the civil war, the inevitable good that has been done, in the name of humanity; the opening up of new channels for the dissemination of civilization and Christianity, and the acquisition of valuable territory, the sales change and the good outweighs the evil effects.

THE people of our nation should congratulate themselves, and especially their valiant soldiers, on a successful termination of hostilities with Spain, preliminary steps having been taken last Friday, looking to peace negotiations. The war, of 112 days duration, has ceased, for the present, and a Peace Commission, consisting of five men representing our nation and five representing Spain, will meet and agree fully on the terms of settlement, as partially set forth in the document already signed. The terms, stipulated are as follows:  
The immediate evacuation by Spain of Cuba and Porto Rico.  
The surrender of all sovereignty by Spain over Cuba.  
The cession to the United States of Porto Rico and other Spanish Islands in the West Indies.  
The cession of an Island in the Ladrones.  
The occupation of Manila—city, bay

and harbor—by the United States pending the settlement by treaty of the disposition of the Philippines.  
This leaves the disposition of the Philippine Islands unsolved, and we hope that our commissioners will lay no claim to them further than to reserve a coaling station there. The war was not waged for conquest, and the acquisition of distant territory is not in keeping with our favored doctrine and established principles. Besides this it would cost an immense sum to hold the islands, and their products would conflict with some of our home interests. Indeed, if we should ever exercise sovereignty over Cuba, our sugar interests would be destroyed, as it can be raised there at one cent per pound. The Manila hemp would destroy our hemp interest, and the cheap labor of our acquisitions would interfere with our present system of labor. Let us view the matter calmly and logically and see whether we have a picnic or an elephant on our hands. If the latter, turn him loose; if the former, we will all attend.

The Rev. W. R. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I think it was the means of saving my life. It relieved me at once." For sale by R. E. ## PAINT LICK.

David Henry is cutting quite a wide swath in society circles now-a-days.  
J. W. & Pleas Murray bought 65 cattle from Rockcastle parties, this week at 3 1/2 to 4c per pound.

R. N. Besley is rapidly pushing work on his tobacco barn in order to house his new tobacco crop.

C. A. Fish and John Bolton sold five hundred bushels of wheat to Burton & Rucker at 58 cents per bushel.

Hudson Bros., of Louisville, bought another car load of mules this week at this place, making three cars they have purchased here recently.

Miss Mattie Thompson returned to Lancaster, Monday, after a week's pleasant visit to Miss Mary Lear. W. K. Argo, who has been visiting his mother at this place, will leave today for his home in Colorado. Miss Lucy Francis is expected home today from Danville, where she has been attending a house party given by the Misses Yeiser. A party of about twelve couples from here spent a very enjoyable day at Slate Lick Springs, Tuesday. Dancing was the chief feature of the day.

On last Friday evening the beautiful Ramsey home, two miles south of Paint Lick, was the scene of a most delightful entertainment, given by the Misses Ramsey and brothers, in honor of their visitors, Misses Lynia, Debby and Ora Alexander, of Cloverport, and Messrs. T. S. Scott and J. G. Baker, of Burkesville. About fifty guests were present. The brilliantly lighted parlors were thrown open and the guests began to arrive at an early hour. Soon the parlors and halls were filled to overflowing with beautiful maidens, and gallant beaux, vying with each other in merry-making. Elegant refreshments were served at the usual hour, and the company were treated to some delightful music. After which they dispersed to their homes to rest and pleasantly dream of a delightful time spent in a most delightful manner.

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in it's merits do you want? It cures piles, burns, scalds, sores, in the shortest space of time. Stormes Drug Store. 1m

## JUDSON.

H. Barlow sold to Huston Ballard, a bunch of 120 lb. hogs at \$3.00.

J. M. Anderson is at home from Frankfort for an indefinite stay.

Our merchant has brought on a new supply of goods. Come and see him.

Tobacco men report the weed to be growing large and fine, better than it has been for years.

J. M. Sanders, Sr., sold to L. Crutchfield, of Jessamine, a cow for \$20, also an extra calf to Cecil Broadnax, at \$25.

James Judson is confined to his bed by an abscess. Sam Delaney lies at the point of death. No hope of recovery is entertained.

We overheard Sam Long talking to a young lady who lives near Lancaster, in "golden" language. Wonder who marries next?

The Sycamore Valley school began the other week with a bright prospect for the best school in the history of the place. Prof. B. F. Evans is capable of doing noble and efficient work.

The meeting at this place is a success, with hopeful signs of a great revival. Already a number have repented, and arose in the strength of Israel's God, and in his name fell at the Altar, pleading forgiveness, and pledging to stop their debauching, sinful ways.

Bros. Bottom, Robinson, and Wilson began a tent meeting here at Barlow's store, last Saturday, a week ago. The outlook for a revival here is favorable. Already some have expressed a desire to flee the wrath to come. These brethren earnestly solicit the attendance and assistance of all Christians, regardless of denomination, in the surrounding community.  
Miss Farris Ham, a beautiful and highly accomplished young lady, of Madison, is visiting in our midst. J. D. Naylor and wife, and Robt. Long and wife, visited Perry Long, of Markedon. Miss Jane Middleton entertained her friends a few evenings ago. All present had a nice time. Miss Ida Burdett, of Boone Vista, visited her sister, Mrs. Laura Clark, Saturday and Sunday.

## TEACHERS' INSTITUTE.

WEDNESDAY MORNING.

The Institute was called to order and after a song the further devotion-al exercises were led by E. W. Baker. Before the beginning of the regular work, Miss Mary Mayfield, representative of the Ladies' Home Journal, was given the floor and presented the merits of her paper.

The first subject of the day was Spelling, and was opened by Miss Claidie Arnold, who was followed by a number of others, presenting various methods of teaching spelling, and also some of the difficulties arising. After the close of this subject, A. F. Caldwell presented the subject of Writing, and was followed by R. F. Province. Brief addresses from these and others brought out the fact that writing is very much neglected in the schools. Prof. P. W. Grinstead, of Lexington, who was present and made an excellent address, at the close of which the Institute extended him a vote of thanks.

The meeting was then adjourned to meet at 1:30 p. m.

After the usual opening, Mr. C. D. Lewis, of Eubanks, and representative of various Educational periodicals, gave a talk emphasizing the fact that every teacher ought to be supplied with one or more first-class educational journals.

Composition was then introduced by Miss Knapp West, in a brief, but interesting talk. She was followed by Mrs. Mary Anderson, Mrs. Amon and others, each one discussing some particular phase of the subject. The Conductor then closed the discussion with a review of the entire subject.

Grammar was the next subject and was merely introduced by Miss Mittie Dunn. Prof. K. F. Postel followed with a somewhat lengthy discussion, setting forth some new ideas as to how to get the pupil to really like to study it. After a short recess the subject of Diagramming was briefly presented by A. F. Caldwell. Next the subject of Parsing was taken up and discussed at some length by Miss Allie Dunn.

Prof. Lumley then gave a review of the various subjects under Grammar, and showed conclusively that the regarded diagramming as being of little value. The Institute then adjourned to meet at 8:45 Thursday.

## THURSDAY.

The Institute convened at 9:15 and was opened with song, Bible Reading and prayer, the devotional exercises being led by Rev. Campbell, pastor of the Baptist church.

The first subject of the day was Discipline, and was opened by E. W. Baker in a 10-minute talk, after which it was pretty thoroughly discussed by the Institute. Summing up the ideas advanced, Good order or Discipline is that condition and line of conduct that will enable both teacher and pupils to do the best work possible.

The subject of Geography was then presented in a very interesting way by Mr. Postel. Mr. Evans and Miss Worrell also gave some helpful ideas and methods of teaching that difficult branch. Prof. Lumley closed the subject with an address, showing that to teach geography successfully one must not confine himself or the pupils to the text book but, on the contrary, must teach it very largely in a general way and independent of the text book. The Institute then adjourned until 1:30 p. m.

## THURSDAY EVENING.

After opening the Institute with song, the subject of Mental Arithmetic was merely introduced by Mr. Hendrickson, and Practical Arithmetic by Miss Ida Duncan, after which the Conductor gave a most practical talk on the subject. Following this Miss Lusk, the County Superintendent, gave a talk for the special benefit of trustees, in regard to the late changes made in the Common School Law.

The subject of History was very briefly introduced by Mrs. Guley, who was followed by short talks from several of the teachers and also by a final exposition of the subject by Prof. Lumley. Prof. Lumley's address suggested the propriety, or impropriety, of teaching all the history of our country—both good and bad. The difference of opinion among the teachers caused the most animated discussion of the week, some holding that only the good should be given the child, and others that he have imparted to him a full history—both good and bad. The whole discussion did not destroy the truth of the saying that, "A man, convinced against his will, is of the same opinion still," and hence the Institute adjourned to meet again Friday morning.

## FRIDAY.

After opening with the usual song service, Bible reading and prayer were led by Prof. B. S. Gowen.

The first subject for discussion was Civil Government, and was presented by Mr. Postel, of Sandusky, Ohio, in a very plain and practical way. He was followed by Prof. Lumley in his usually interesting manner.

Next the subject of School Management came up for discussion and began in a very promiscuous way, quite a variety of opinions and methods being given as to how to manage the school. A short recess was taken, and then Mr. Wilford Calkins, of Chattanooga, Tenn., took up the subject and made a very interesting and instructive address. In fact, one of the very best of the entire week.

At the close of Mr. Calkins' address, Miss Virgie Worrell introduced a proposition in regard to Normal schools and certificates. She was followed by Miss Amanda Anderson, and also by Mr. C. D. Lewis. After some denotory and ineffective cross-firing, which lasted until the noon hour, Institute adjourned until 1:30 p. m.

After opening the Institute with music, Mr. Calkins offered a nice bow to the first one who would answer correctly, the following question: "Is it unconstitutional for the President and Vice President of the United States to be residents of the same

State?" A. P. Caldwell won the prize. Prof. Lumley next gave a brief, but practical talk on the subject of Physiology and Hygiene, which completed the program of the week.

On motion of Miss Anderson a unanimous vote of thanks was extended to Sup't. Miss Lusk, for the faithful and successful work during the week.

Next in order was the report of the Committee on Resolutions. After the reading of the resolutions, on motion of E. W. Baker, it was agreed they should be taken up, discussed and passed upon separately. Following are those adopted:

First, Whereas, Mr. H. R. Postel and P. W. Grinstead have given to the Institute information on the methods of teaching which we deem of the highest value,—

Resolved, That the special thanks of the Institute are hereby tendered them, and resolved further, that our thanks are also extended to Prof. Lumley for his ready, able and efficient service as our Instructor.

Second, Whereas, The inequality of beginning the schools throughout the county has given rise to some dissatisfaction. Resolved, That the trustees and teachers, and County Superintendent are hereby requested to make an effort to have all the schools begin at the same time, and also that the teachers' Institute be held during the week before the opening of the schools.

Third, Whereas, we, the teachers in Garrard county believe that we would derive more benefit from County Normals than from the county Institute as established by the present law of Kentucky.

Resolved, 1st, That the present law ought to be so amended that County Normals will be substituted for County Institutes. 2nd, That the County Institutes ought not to be dispensed with unless the County Normals be substituted in their place.

3rd, That the said Normals should be held for not less than ten days, and that the expenses be paid out of the Common School Fund.

4th, Resolved, That county certificates ought to be abolished, and only State certificates be issued by State authorities. Also that we, in every possible, urge and assist our Representatives and Senators in securing this legislation.

We also urge the teachers of other counties and all others interested to aid in securing the passage of such a law, and we appeal especially, to our own Superintendent Miss Eliza Lusk, for her aid, and empower her to call upon any, or all of us for our co-operation in this direction.

After the adoption of the resolutions Prof. Lumley gave a very pleasant talk, after which the Institute closed by singing, "My Country 'tis of Thee."

INSTITUTE SPARKS.  
The two young men from Wallace (without doubt the most handsome in the whole lot) were, at first so careful of their health as to be afraid to come out through the rain to the Institute, but he it is said to their credit that before it closed they not only were present, but were decidedly very much interested in quite a number of the teachers' individually.

One of the lady teachers, who, since last year has doubled a man's expenses and her own responsibilities became so deeply interested in the work of the Institute that she actually failed to answer at roll call and afterward confessed to the secretary that she had actually forgotten her name for the time being.

At one time during the session two of our oldest teachers of opposite sex, and both still enjoying (?) single blessedness, passed such nice compliments upon each other's ability, and they were received so gracefully that Prof. Lumley found it advisable to refer to them as "bouquets" in order to proceed with the real discussion. Now, we don't blame any young (single) lady teacher for taking advantage of any opportunity that presents even a possibility of a chance to better her way of making a living and enjoying life, but we do think that B. F. Evans ought to know better than to shy his "bouquets" during Institute.

One of the lady teachers was heard to make the complaint: "After the lady-teachers do marry, they still keep on teaching—I don't think that is fair at all." We hope that when this good woman enters "double-blessedness," she will not have to find out what some of the others have, viz: A man (?) sometimes wants a teacher for a wife in order that she may teach (help) him to make a living.

Supper at Hubble. The Christian church at Hubble will give a supper at Bright's school-house on Friday night, Aug. 26, for the benefit of the church. The charges will only be 25 cents for a good meal. All are invited to be present and enjoy the occasion. Mrs. Ella Engleman Harris.

The choice of one's friends has much to do with one's life. Be friendly with all as far as possible and above all, avoid seeming to feel above others, but habitual association with people of questionable habits and low moral tone can only bring handshakes to a young man who allows himself to drift into society.—EX.

Remarkable but True. "Uncle" Claybourne Lear will be 92 years old in November, and reads without spectacles. He can thread the smallest needle, and he can hit a ten-cent piece, ten paces away, nine times out of ten, with a rifle. His general health is good, this fact being proved by the splendid garden which he cultivated, with his own hands, this year. His talks of olden times, are very entertaining.

Narrow Escape. The horse driven by Misses Amie Davidson, Little Theo Hemphill Irene Romans, began kicking on public square in front of Stormes' drug store Wednesday morning and started down Danville pike. Miss Davidson managed to hold to the horse, also the little ones in the phaeton until Mr. Booth Thompson, who was near by caught the horse. We are glad to say no one was hurt.

Prohibition Convention. As per announcement in the columns of this paper, the Prohibitionists of this (8th) congressional district, held a convention in Nicholasville on last Monday, the 15th, at which our countyman, Mr. O. T. Wallace, was elected permanent chairman of the meeting, and Mr. O. T. Soper, of Jessamine county, was nominated as the permanent officers of the District Committee. Resolutions were adopted, and Col. W. H. Zeigler, of Jessamine county, was nominated the parties candidate for congress at the approaching November election. Resolutions and fuller proceedings will appear in next week's issue. We understand that Col. Zeigler will make a thorough canvass of the entire district, and will doubtless challenge the other candidates for joint discussion.

Smoke Proctor Knott cigars and be happy.

Look out for your wheels. The Jessamine Journal says: A clever swindling scheme is being worked by a pair of smart fellows in various parts of the country. One goes through the country on a good bicycle and when he strikes a lively town he claims to be hard up and offers to sell the wheel cheap to get some money. Farmers' boys admire bicycles and bite readily paying a small price for a first-class wheel. After a few days the other sharper turns up and claims to be looking for a man who stole his wheel. He describes it well, giving the number, and the owner has to part with it. The sharper raises from twenty to forty dollars a trip and start to greener field.

Prosperity. Every indication points to a season of national and local prosperity. Our exports, for the last fiscal year, yielded a much larger sum than for several years past, and the proclamation of peace will add new territory and stimulate business generally. An era of prosperity and improvement is especially noticeable in this city and vicinity. Dr. J. B. and K. Kinnaid, W. J. Romans, Dr. H. C. Herring and others are building pavements, in compliance with orders issued by the city fathers. Messrs. Pence and Greening, of Staunton, are preparing to burn a brick kiln near town, which indicates clearly that some of our burnt districts are to be rebuilt. There is also talk of a tobacco manufactory, and it is not unlikely that such things should occur when much capital will be thrown on the market, when our banks reduce their capital stock, and it will not be allowed to remain inactive, while a good investment can be made at home, no one being willing to try boomed towns again. It is estimated that capital, invested in the Opera House block, or in the Miller square, would surely yield 10 per cent, and it is a mystery why buildings have not been erected some time ago. Thrift and prosperity were enjoyed by those who owned buildings, on those lots, before they were destroyed by fire.

MARKSBURY. Last Saturday evening a number of young people stormed Miss Sallie Herring in honor of her guest Miss Georgia Henry. The boys gave a treat of watermelon and the evening passed off pleasantly.

Last Sunday was quite an unlucky day to Mr. W. H. Bogie. On his way from Danville his buggy wheels locked and caught fire after remedying that his horse lost a shoe and he was compelled to call on a blacksmith to have it replaced, in taking the horse from the buggy he broke a shaft after some delay Mr. Bogie was thank ul to arrive at home without any further accident.

Mr. Joshua Sutton, of Co. L. 2nd Ky. Regiment is at home quite sick with measles. Miss Georgie Henry, of Lancaster is visiting Miss Sallie Herring. Miss Annie Stout, of Danville, visited Miss Georgie Dunn, last week. Mr. J. L. Royston, a prominent druggist of St. Louis is the guest of his sister Mrs. W. H. Dunn. Miss McCarty, of Jessamine is visiting Mrs. J. C. Boner. Miss Jennie Pollard is spending a week at Crab Orchard. Miss Lillie Sutton has returned from a visit to Miss Sallie Ray at McCleary.

### AMERICAN Field Fencing.

A fence that always keeps its shape because it's built that way—

Nothing but large size heavily galvanized wire made of best Bessemer steel used in its construction—came in all the 20 different styles made—turns all kinds of fence and leaves the six inch unbroken while the fence stands strong and sturdy.

THIS hinge-joint makes an adjustable fence and prevents stay wires from bending—

THAT makes as tight a fence in summer as in winter, and prevents stay wire from being displaced.

There's no fence that excels and few, if any, as good.

## FARM AND STOCK NOTES.

If the raising of sheep and cattle is to be made really profitable, it is necessary that they be handled more systematically than has been done by the majority of farmers.

A stubborn cough or tickling in the throat yields to One Minute Cough Cure. Harmless in effect, touches the right spot, reliable and just what is wanted. It acts at once. Stormes Drug Store.

A good field of corn fodder helps to make one somewhat independent of drouth-stricken pastures. It is a good thing to have ready to fall back upon in a good many emergencies of stock feeding.

Large flocks of sheep do not pay so well, relatively, as smaller ones. Farmers frequently overlook themselves with sheep, and then complain that they do not pay. They will not thrive if crowded, and this is a primary cause of disease.

In handling a young horse work on both sides of him. Whenever he is uneasy at any part of the process of harnessing try to remove his fear before going further. Teach him all the time that while he must submit to your will there is no danger of injury for him to fear.

When you call for DeWitt's Witch Hazel Salve the great cure, don't accept anything else. Don't be talked into accepting a substitute, for piles, for sores, for burns. Stormes Drug Store.

The supply of American horses for foreign cavalry service during the last year took 70,000 horses from this country, and the requirements of the United States army are now for about 40,000. Neither of these demands are at all likely to diminish and the armies of Europe will certainly take many more if a larger number suitable for their service is raised.

Alex Gibbs bought of J. C. Eubanks thirty-six 1000-pound cattle at 4c, to go August 1st. Lynn sold a car-load of 710-lb. heifers at Lexington Saturday at 3-3-4. F. P. Bishop sold to E. P. Woods 10 spring calves at \$14 and bought of Josiah Bishop a bunch of sheep at \$3. Lynn & Wood shipped to Cincinnati Tuesday 240 lambs and wethers which they bought recently at 2-3-4 for the wethers and 3-1-2 for the lambs.—Interior Journal.

BOYLE ITEMS.—E. P. Faulconer will have another horse sale in January. Dick Cobb, Jr., bought of W. H. and Luther Underwood thirty-five yearling cattle, to go October 15th, at four cts. George F. Anderson sold to the Dunn fifty ewes at \$3.50, and to Robert Stephens fifty at the same price. Scott Hudson, with a Louise M. C. took a heat from the great Directum Kelley in the 2:30 trot at Terre Haute, Friday. He made it in 2:13-4 and got second money, \$500. Kelley got the next three heats in 2:13-4, 2:15-4, 2:13-4. There was a fair crowd in town today, but it was rather a dull court. There were very few cattle on the market. The best lot was a bunch of 700 to 800 pound steers, sold by J. C. Johnson to M. J. Farris at 3-1-2. W. E. and Thomas Baughman have bought of the other heirs the old Baughman home place, on the new Lancaster road, at \$40 per acre. The farm contains 325 acres. Mr. Tom Baughman will care for the place, W. E. remaining in town with the Hardware Company. Mr. and Mrs. John Baughman, now living on the place, will also move to town.—Advocate.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as were usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boger, Stumpdown, Gilmer Co., W. Va. For sale by E. E. McRoberts.

## KENTUCKY CROP REPORT.

Condition of Crops and Live Stock August 1st, 1898.

### WHEAT.

For the August report are received from 152 correspondents, representing 108 counties. Threshing has progressed favorably throughout the wheat belt during July and the result in the various States may be epitomized as follows: Ohio has a fair yield of wheat of a good quality. Michigan, the yield and quality are both excellent. Indiana has a light yield with quality good. Illinois, with the exception of the southern section and a few counties in the northeast, the yield and quality both poor. Wisconsin, the yield both satisfactory. Iowa, the yield and quality both better than was anticipated one month ago. Nebraska, the crop varies widely in the several sections of the State and will average rather below than above the medium as to yield. Kansas and Missouri, the crop failed to come up to the very poor prospects of July 1st. Much of the acreage remained uncut, and of that which was harvested a large per cent proved unmerchantable.

Spring wheat prospects have improved inasmuch as the threatened injury from rust did not occur to the extent anticipated.

In Kentucky the month of July has been favorable to threshing, with the exception of the last week of the month when frequent showers put a stop to further progress. Much less than the usual amount has been threshed to date, due to farmers having their crop in stack and preferring to hold it in that form.

The question "has yield equalled expectations?" resulted in 70 replies in the affirmative and 67 in the negative. In 1897 the same question elicited 100 answers in the affirmative and 11 in the negative.

To the question on quality 64 correspondents set it down as "good," 50 as "average" and 18 report it "bad." In 1897 110 correspondents reported quality "good," 5 an "average" and no reports of bad quality were received.

On the subject of free marketing of the crop 18 correspondents say it is being sold as threshed and 124 say it is being held for higher prices.

The average price for No. 2 wheat, August 1st, was 68c. In 1897 the price at the same date was 66c.

### CORN.

The corn crop as a whole presents a very satisfactory condition. Portions of the State embracing the entire counties of Carroll, Gallatin, Trimble, Kenton, Campbell, Grant and Bracken in the central section, with portions of the counties of Muhlenberg, Meade and Breckinridge in the western and Putnam and Laurel in the eastern section, suffered serious injury from drouth, which was not relieved until July 25-28. Much of the injury will be permanent and the crop of these counties will be short, percentage running as low as 40 in Bracken, 50 in Kenton and 53 in Campbell county.

In the western section, in addition to the injury from drouth in Breckinridge, Muhlenberg and Meade counties, a section, composed of the counties of Todd, Webster and Crittenden, have suffered from an excess of moisture. Some damage from chinch bug is also reported from this section. No very low percentage of condition is reported from the western section.

The condition for the State averages 97, which is an improvement of one point during July. On August 1st, 1897, the condition was 93, and on same date of 1896 the condition was 85. In the three subdivisions of the State the condition averages 98 for the central and 100 for the eastern. The condition improved materially during the month in the western section while it appears to have fallen off slightly in the central. In the eastern section the condition remains exactly as reported July 1st.

### Tobacco.

Tobacco has not fared well during July. The wide difference in the condition of the early and late set tobacco was accentuated during the month and it now appears that a very little of the late setting can be counted upon to make either a good yield or a good quality of the article. So pronounced are reports on these points that it may be set down as assured that the anticipated large crop will not be realized.

The increase in acreage, which was estimated at 23 per cent, compared with the acreage of 1897, would give scarcely a normal acreage, since the acreage of 1897 was abnormally small. In the central or Burley district the increase was notably small, 9 per cent. The largest increase, 36 per cent, being reported from the eastern section, where but a small proportion of the crop is grown, greatly strengthens this view of the case.

The crop shows an average condition of 83 for the State, which is a falling off of 9 points during July. On August 1st, 1897, the condition was 61, and for a corresponding date of 1896 it was 87.

### PASTURES AND LIVESTOCK.

Pastures are good, with the exception of a portion of the central section, where it has been too dry; however, the condition averages 90. In the western section the condition compared with average years is 101. Live Stock are thrifty as a rule. The only disease noted outside of a normal number of reports of hog cholera is "pink-eye" among cattle in Carlisle county.

LUCAS MOORE, Commissioner of Agriculture.

### Dangerous Drinking Water.

Death lurks in impure water. It breeds diseases often in epidemic form. The first symptom is looseness of the bowels. These diseases are checked by taking Foley's Colic Cure. 1m

## Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. His head and body were a mass of sores, and his weight 150 lbs. became affected. No treatment was spared that we thought would relieve him, but he grew worse until his condition was indeed pitiable. I had almost despaired of his ever being cured, when by the advice of a friend we gave him S. S. S. (Swift's Specific). A decided improvement was the result, and after he had taken a dozen bottles, no one who knew of his former dread condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health.

For real blood troubles it is a waste of time to expect a cure from the doctor. Blood diseases are beyond their skill. Swift's Specific.

## S.S.S. For the Blood

reaches all deep-seated cases which other remedies have no effect upon. It is the only blood remedy guaranteed purely vegetable, and contains no potash, mercury, or other mineral.

### SWEENEY.

O. B. Perkins sold to G. H. Henderson one calf for \$23, also one cow and calf to Jim Bowrins for \$31.

The county road is being worked this week by some of our most energetic young men.

Miss Laura Smith and Miss Sallie Tillet, of Lancaster, were the guests of Mrs. J. L. McCarty, Thursday. Misses Dixie Kemper, of Marksburg, and Sadie Menzies, of Louisville, have returned to Marksburg, after a pleasant visit to friends in this vicinity. Miss Helen Province left Thursday for Missouri, where she will make her future home, much to the regret of her many friends here. A. D. Henderson, of Wallace, and A. F. Caldwell, of Cartersville, visited friends here last week and attended the Institute at Lancaster.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Stormes Drug Store. 1m

### SPOONVILLE.

Our farmers are busy this week housing their tobacco.

Ashby Sebastian has purchased the farm belonging to Willie Ross for \$300.

Some thief made a raid on Nat Cotton's bee house one night last week, and took a fine lot of his honey.

Mr. Lawrence Lane departed this life last Saturday morning. His death was a surprise to his many friends, a heart trouble being the cause. He was quietly laid to rest in the family burying ground Sunday.

Mr. Eli Williams was taken on surprise last Saturday by a number of his friends, who prepared a birthday dinner for him. About one hundred were present, and all say they never saw a more bountiful table spread.

Master Millard Dunn, of Bourne, spent last week with his aunt, Mrs. Anderson.

## RELIABILITY

Is a quality some newspapers have lost sight of in these days of "Yellow" Journalism. They care little for the truth and a great deal for temporary sensation. It is not so with THE DISPATCH. The success of THE DISPATCH rests upon its reliability. It prints the news—all the news—and tells the truth about it.

## ITS WAR NEWS SERVICE

Can not be excelled. It is gathered by forty-two war correspondents and eight fast dispatch boats at the seat of war, and a salaried correspondent in every important city in the world. The most critical period of the war will be during peace negotiations. Get the paper that tells the truth. Our motto: If you see it in the Dispatch it's so, and if it's so it is always in the Dispatch. THE DISPATCH news service is now furnished by The New York Sun, The Chicago Inter-Ocean, The Northern Press Association, The Leslie Syndicate and a staff of correspondents in Kentucky, Tennessee and Indiana second to none on a Southern newspaper. We club with The Weekly Louisville Dispatch; both papers a year for the low sum of \$1.25.

Hughes Taylor. Mr. and Mrs. Thomas Sebastian were in Richmond last week on business. Miss Marie Dunn, who is teaching school on Paint Lick creek, visited home folks last week and attended the Institute. Porter Prewitt, of Jessamine, visited relatives in this vicinity last week.

For broken surfaces, sores, insect bites, burns, skin diseases and especially piles there is one reliable remedy, DeWitt's Witch Hazel Salve. When you call for DeWitt's don't accept counterfeits or frauds. You will not be disappointed with DeWitt's Witch Hazel Salve. Stormes Drug Store. 1m

## PREACHERSVILLE.

W. H. Cummins bought of Simon Blankenship a calf for \$18.00.

G. A. Siler has returned from the mountains with a load of calves and sheep.

The Adams heirs has sold the old Aunt Betsey and Adams farm here to Mr. Bathema for \$1,800.

John Anderson traded a house and lot in Corbin to Richard Robinson and bought it back the same day.

Dr. Brown made a business trip here Monday. Miss Mattie Elmore is spending a few days with her sister at Jellison. Miss Adia Cummins is visiting at her uncle, Mr. W. T. Perigo at McCreaty. J. T. Payne and sister Miss Kate, spent Sunday at Rowland, J. T. Cummins and wife of Stanford were here last week. Willie Perkins, of Broadhead was at home this week for a few days.

When You Take Your Vacation the most necessary article to have with you (after your pocket book) is a bottle of Foley's Colic Cure. It is an absolute prevention or cure of all derangements of the bowels caused by a change of water. You are likely to need it. 1m

## THE BATTLE SHIP.

The Name Proposed for the Vessel by the M. C. can Heroes is "The Veteran"—Meeting at Harrodsburg.

HARRISBURG, Ky., Aug. 16.—A recent dispatch outlined a scheme of the Mexican veterans to be introduced at their next annual meeting, to be held here on the 20th proximo. The proposition is that veterans of either war who draw a government pension contribute one month's pension for the purpose of raising a sufficient fund to build and equip the costliest warship ever undertaken in the history of the world, to be presented to "Uncle Sam."

It was stated that the great naval wonder was to be called "The Mexican Veteran," whereas the name suggested by the originator of the project, Col. Creth Robinson, and heartily favored by all who are interested in "The Veteran." The veterans here regret the error, and fear that the pensioners of the late war will not take to the scheme so readily, and they say that they have never even thought of any name for the ship, but "The Veteran."

### Doves for Soldiers.

BOWLING GREEN, Ky., Aug. 12.—Kentucky has now a great many soldiers who are ill in the hospital at Chickamauga, and a movement is on foot to ship to them a big lot of nicely dressed doves. This is now the dove season, and the birds are full of them. The plan is to have 10 or 20 men, in squads of four or five, to take one day for hunting, and turn over all the birds to a committee here, who will have them dressed, put on ice and shipped away this week. These birds at this season of the year are young, juicy and delicious, and will, no doubt, be appreciated by the sick soldiers.

### Governor Refused to Pardon.

FRANKFORT, Ky., Aug. 15.—Gov. Bradley refused to extend executive clemency in the case of Annie Spalding, sent up from Washington county for two years for grand larceny. In rejecting the petition he wrote the following: "If I were to establish a precedent that persons in the penitentiary should be pardoned because of poverty or the sickness of their relatives it would result disastrously." He also refused to pardon W. M. Mulholl, of Harlan county, convicted of bigamy.

### A Campaign Against Crime.

LOUISVILLE, Ky., Aug. 16.—The recent increase of lawlessness in Louisville has caused the city authorities to plan a campaign against crime. A conference was held Monday morning by Mayor Weaver, the board of safety and the criminal judges. The police will be instructed to exercise extra vigilance and the courts will make every effort to hold and punish evildoers.

### Excitement in Jackson County.

JACKSON, Ky., Aug. 13.—It has now been definitely determined by physicians in charge that Granville McIntosh, the young man who was taken sick at the Stedham house, in this town, Tuesday morning, has a well-developed case of small-pox. Great excitement prevails throughout the community, and people are leaving in large numbers.

### Damage Suit.

LANCASTER, Ky., Aug. 13.—A suit for \$5,000 damages has been filed against W. H. Furr by Thomas Huthison. Last spring Furr placed poison on bread for rats, which Huthison's children ate and narrowly escaped death. Both are influential men.
